[BERMUDA VACATION](#)

Everyone has heard of the Bermuda triangle, a mysterious patch of sea where things disappear. And for those seeking to disappear from the stresses and strains of life, Bermuda is the perfect idyll. With its pristine pinky white beaches, outstanding hotels with luxury accommodation, fine cuisine and year round sunshine, it is no wonder that people return year after year.

Many people mistakenly believe that the 200 islands that make up Bermuda are in the Caribbean. In fact Bermuda is a hundred miles north of the Bahamas, in the Atlantic and a mere 650 miles off the coast of America. And although the island is an overseas territory of the UK, the island has a very American feel and attracts many visitors from the UK and America.

Bermuda is famous for its pink sand beaches and Horseshoe Bay is arguably Bermuda's finest beach and is great for snorkelling in the rocky areas around the

bay as well providing access to a broad range of water sports including sailing, parasailing and water skiing. And if something more sedate is required, it is always possible to go fishing.

While it might be difficult to leave the beaches and the clear calm waters which surround the island, the Crystal Caves are well worth a visit. Descend over 100 feet underground through caves and caverns to admire the stalactites, stalagmites and dramatic rock formations.

Bermuda is also great for golf with the highest concentration of golf courses per square mile in the world and all of them are a great test of skill with some fabulous 19th holes. Another great excuse to disappear for a while.

And don't forget to visit the Royal Naval Dockyard to see the worlds first iron house, the Bermuda Maritime Museum and the old ramparts and cannon that make up Bermuda's fortress and defense. This is a great place for kids wanting a break from the beach who will be well entertained with tales of pirates and sea battles.

The Dockyard too contains many fine shops and boutiques and shopping is another pastime on offer. A trip to Hamilton, the island's main town is always a good hunting ground for serious shoppers. Start the day with coffee and pastries before strolling around the boutique and specialty shops that dot the town, especially along the sea front.

Accommodation on the island is outstanding with a wide variety of hotels, villas, resorts, boutique and cottage properties to suit everyone. The Fairmont Hotels in Southampton and Hamilton offer undiluted luxury and great for those who want to be seriously pampered. More modestly Aunt Nea's Inn at Hillcrest in historic St George's is a very romantic inn. Or for a more intimate bed and breakfast type holiday The Granaway Guest House & Cottage in Warwick Parish was built in 1734 with terrific views of the Great Sound.

The island is a great place for foodies with restaurants to suit all tastes and budgets. Bermudian cuisine blends the flavors of West Africa, Asia, India and the Portuguese Azores to create dishes that are distinctly Bermudian. The island specialty is a robust, tomato-based, spicy fish chowder with a prodigious list of ingredients.

Island Cuisine in Southampton specializes in affordable priced, great-tasting, local Bermudian home-style dishes. And to taste some of the island's specialty fish dishes The Lobster Pot and Boathouse Bar has a great reputation with local and visiting foodies. And for that special occasion try Bermuda's premier dining spot, the Newport Room, an AAA Five Diamond award-winning restaurant at The Fairmont Southampton. Its exquisite French-inspired cuisine is not to be missed.

Bermuda is the ultimate perfect warm and sunny weather destination. The beach resorts are world-class and offer something for everyone. There are many Bermuda vacation package deals offered by VoyageMonkey.Com. Book now on VoyageMonkey.Com.
